

MASTER OF CIVIL ENGINEERING (STRUCTURE A)

Programme Info

Master of Civil Engineering (Structure A) is a full research program where candidates are given unique opportunity to follow their interest in a specialized area of research of Civil Engineering for 1-4 years and make an important academic contribution to the knowledge of chosen research area. Students are given opportunity to experience the role of lab instructor and handling tutorial for Diploma/Foundation/Bachelor student in exchange for discount of fees (subject to approval of the respective semester). Prospective students are future researcher/academician in university and/or research institution, R & D Engineer, Engineering Specialist and technopreneur.

Entry Requirement

1. Bachelors in the relevant domain with Upper Second Class Honours or CGPA 2.75 (65%) and above, or
2. Bachelors in the relevant domain with Lower Second Class Honours or CGPA 2.50 (60%-64%), and 1 year experience in the domain and at least 1 publication in the domain, or 2 years professional experience in the domain; or
3. Bachelors in the relevant domain with CGPA below 2.50 (60%, and 5 years' experience in the domain; or
4. Bachelors in a related domain with Upper Second Class Honours or CGPA 2.75 (65%) and above, and 1 year experience in the domain (including at least publication in the domain).

Courses

The specialized areas of research under the programme are listed as follows:

1. Construction Materials Science and Engineering,
2. Environmental and Wastewater Engineering,
3. Geotechnical and Geological Engineering,
4. Water Resources Engineering,
5. Structural Engineering,
6. Highway and Transportation Engineering,
7. Forensic Engineering,
8. Project Management
